TIBBIYOT PSIXOLOGIYASI

UCHINCHI NASHR

**O'ZBEKISTON RESPUBLIKASI OLIY VA
O'RTA MAXSUS TA'LIM VAZIRLIGI**

Zarifboy IBODULLAYEV

TIBBIYOT PSIXOLOGIYASI

*O'zbekiston Respublikasi Oliy va o'rta maxsus ta'lim vazirligi
tomonidan tibbiyot oliy o'quv yurtlari talabalari uchun
darslik sifatida tavsiya etilgan*

To'ldirilgan va qayta ishlangan 3-nashri

Toshkent – 2019

Taqrizchilar:

G'.B. Shoumarov, *psixologiya fanlari doktori, professor*

V.K. Abdullayeva, *tibbiyot fanlari doktori, professor*

I.A. Kilichev, *tibbiyot fanlari doktori, professor*

Mazkur kitob tibbiyot institutlarida «Tibbiyot psixologiyasi» fani-
ni bakalavr bosqichi talabalariga o'qitish uchun mo'ljallangan. Darslik
O'zbekiston Respublikasi DTS va fan dasturi talablari asosida hamda
zamonaviy ilm-fan yutuqlaridan foydalanib tayyorlangan.

Darslikdan tibbiy amaliyotda faoliyat ko'rsatayotgan tibbiy psixolog
va psixoterapevt, neyropsixolog, psixiatr, psixonevrolog, nevropatolog,
terapevt, shuningdek, ushbu sohaga qiziquvchi ilmiy xodimlar ham
foydalanishlari mumkin.

This manual is aimed to teach the subject of "Medical psychology"
for bachelors of medical universities. The manual has been written
on the basis of modern scientific research achievements according to
requirements of the Uzbekistan Republic's SES and the program.

Practical Medical psychologists and psychotheraputists, neuropathologists, neuropsychologists, psychiatrists as well as interested in this field researchers may use this manual.

MUNDARIJA

Qisqartmalar	11
Soʻz boshi	13
Preface	16

1-bob. Tibbiyot psixologiyasi fani, vazifalari va qisqacha tarixi. Miya va ruhiyat muammolari

1.1. Fan haqida tushuncha	19
1.2. Tibbiyot psixologiyasi tarixi	20
1.3. Tibbiy psixologiyami yoki klinik psixologiya?	37
1.4. Oliy nerv faoliyati va psixofiziologik jarayonlarning rivojlanish bosqichlari	39
1.5. Miyaning funksional sistemasi	46

2-bob. Umumiy tibbiyot psixologiyasi

2.1. Sezgi va idrok	52
2.2. Diqqat	63
2.3. Xotira	75
2.4. Tafakkur	93
2.5. Hissiyot va stress	100
2.6. Ong	107
2.7. Ongsizlik va psixoanaliz taʼlimoti	111
2.8. Shaxs, temperament va xarakter	119
2.9. Psixogigiyena, psixoprofilaktika va deontologiya	137

3-bob. Neyropsixologiya asoslari

3.1. Neyropsixologiya tarixi	147
3.2. Neyropsixologiya fani haqida tushuncha	149
3.3. Bosh miya katta yarim sharlari poʻstlogʻi	151
3.4. Miyaning funksional bloklari	153
3.5. Ensa boʻlagi funksional anatomiyasi va zararlanish sindromlari	156
3.6. Tepa boʻlagi funksional anatomiyasi va zararlanish sindromlari	162
3.7. Chakka boʻlagi funksional anatomiyasi va zararlanish sindromlari	163
3.8. Peshona boʻlagi funksional anatomiyasi va zararlanish sindromlari ..	166

3.9. Afaziya	174
3.10. Agrafiya	183
3.11. Apraksiya	185
3.12. Demensiya	188

4-bob. Bolalik davri psixologiyasi

4.1. Bola ruhiyati shakllanishining asosiy bosqichlari	193
4.2. Giperaktiv sindrom	195
4.3. "Zamonaviy Maugli" sindromi	197

5-bob. Psixosomatik tibbiyot asoslari

5.1. Psixogen bosh og'riq	205
5.2. Psixogen bosh aylanishi	211
5.3. Psixogen nevralgiyalar	215
5.4. Psixogen giperesteziya.....	218
5.5. Psixogen kardialgiya	221
5.6. Yurak ritmining psixogen buzilishlari	223
5.7. Psixogen artralgiyalar	224
5.8. Neyrorespirator sindrom	228
5.9. Gastrointestinal buzilishlar	235
5.10. Ta'sirlangan ichak sindromi	241
5.11. Surunkali charchash sindromi	244
5.12. Psevdurologik sindromlar	246
5.13. Seksual buzilishlar psixologiyasi	249
5.14. Psevddermatologik sindromlar	266

6-bob. Asab kasalliklarida bemorlar psixologiyasi

6.1. Miya insultida bemorlar psixologiyasi	272
6.2. Kranioserebral jarohatlarda bemorlar psixologiyasi	278
6.3. Meningit va meningoensefalitlarda bemorlar psixologiyasi	282
6.4. Epilepsiyada bemorlar psixologiyasi	286
6.5. Nevroz va reaktiv buzilishlar	292
6.6. Vegetativ distoniya sindromi	307
6.7. Vegetativ krizlar	315

6.8. Yuzning psixogen og'riqlari	318
6.9. Bezovta oyoqlar sindromi	319
6.10. Uyqu buzilishlari	324
6.11. Stupor	331

7-bob. Depressiya va affektiv buzilishlar

7.1. Umumiy ma'lumotlar	334
7.2. Etiologiyasi va patogenezi	335
7.3. Depressiyaning xalqaro tasnifi	337
7.4. Klinik turlari va tashxis qo'yish tartibi	337
7.5. Davolash usullari va profilaktikasi	343

8-bob. Suitsid sabablari va profilaktikasi

8.1. Umumiy ma'lumotlar	355
8.2. Suitsid profilaktikasi	362

9-bob. Jarrohlik amaliyotida bemorlar psixologiyasi

9.1. Jarroh va bemor orasidagi psixologik munosabatlar	366
9.2. Bemorni operatsiyaga tayyorlash	372

10-bob. Akusherlikda va ginekologik kasalliklarda bemorlar psixologiyasi

10.1. Tug'ruqdan so'ng kuzatiladigan ruhiy o'zgarishlar	377
10.2. Ginekologik operatsiyalardan so'ng kuzatiladigan psixoemotsional buzilishlar	378
10.3. Abortdan so'ng kuzatiladigan psixoemotsional buzilishlar	379
10.4. Hayz buzilishida ayollar psixologiyasi	380
10.5. Klimakterik sindrom	381

11-bob. Onkologik kasalliklarda bemorlar psixologiyasi

11.1. Umumiy ma'lumotlar	389
11.2. Onkologik bemorlarda psixoemotsional buzilishlar	392

**12-bob. Alkogolizm va giyohvandlikda
bemorlar psixologiyasi**

12.1. Alkogolizm	396
12.2. Ensefalopatiya	400
12.3. Abstinent sindrom	400
12.4. Giyohvandlikda bemorlar psixologiyasi	401

13-bob. Tibbiyotda psixodiagnostika

13.1. Tibbiy-psixologik tekshiruvlar o'tkazishning umumiy qonun-qoidalari	407
13.2. Psixologik testlar	411

**14-bob. Psixoterapiya va
psixofarmakoterapiya**

14.1. Psixoterapiya	439
14.2. Neyromediatorlar va sinaptik o'tkazishlar	451
14.3. Psixofarmakoterapiya	454
14.3.1. Antidepressantlar	455
14.3.2. Trankvilizatorlar	463
14.3.3. Neyroleptiklar	469
14.3.4. Sedativ dorilar	476
14.3.5. Nootroplar	478
14.3.6. Psixostimulyatorlar	482
Adabiyotlar ro'yxati	488
Atamalar tahlili	492

CONTENTS

Abbreviations	11
Preface	16

Chapter 1. Subject of medical psychology, tasks and brief history. **The brain and psychological problems**

1.1. Concept about the subject	19
1.2. History of the medical psychology	20
1.3. Medical psychology or clinical psychology?	37
1.4. Higher nervous activity and developing stages of psychophysiological processes	39
1.5. Functional system of the brain	46

Chapter 2. General medical psychology

2.1. The sense and the perception	52
2.2. Attention	63
2.3. Memory	75
2.4. Thought	93
2.5. Emotion and stress	100
2.6. Conscious	107
2.7. Theory of subconsciousness and psychoanalysis	111
2.8. Person, temperament and character	119
2.9. Psychohygiene, psychoprophylaxis and deontology	137

Chapter 3. Bases of neuropsychology

3.1. History of neuropsychology	147
3.2. Concept about the neuropsychology	149
3.3. Cortex of cerebral hemispheres	151
3.4. Functional blocks of the brain	153
3.5. Functional anatomy of the occipital lobe and syndromes of lesions	156
3.6. Functional anatomy of the parietal lobe and syndromes of lesion	162
3.7. Functional anatomy of the temporal lobe and syndromes of lesion	163
3.8. Functional anatomy of the frontal lobe and syndromes of lesion	166
3.9. Aphasia	174

3.10. Agraphia	183
3.11. Apraxia	185
3.12. Dementia	188

**Chapter 4. Psychology of the
childhood period**

4.1. Basic stages of child's spirit (psychology) formation	193
4.2. Hyperactivity syndrome	195
4.3. "Modern Mowgli" syndrome	197

Chapter 5. Basis of psychosomatic syndrome

5.1. Psychogenic headache	205
5.2. Psychogenic dizziness	211
5.3. Psychogenic neuralgias	215
5.4. Psychogenic hyperesthesia	218
5.5. Psychogenic cardialgia	221
5.6. Psychogenic disorders of the heart rythm	223
5.7. Psychogenic arthralgia	224
5.8. Neurorespirator syndrome	228
5.9. Gastrointestinal disorders	235
5.10. Irritable bowel syndrome	241
5.11. Chronic fatigue syndrome	244
5.12. Pseudourologic syndromes	246
5.13. Psychology of sexual disorders	249
5.14. Pseudodermatological syndromes	266

**Chapter 6. Psychology of patients
in neurological diseases**

6.1. Psychology of patients in the strokes	272
6.2. Psychology of patients in craneocerbral traumas	278
6.3. Psychology of patients in meningitis and meningoencephalitis	282
6.4. Psychology of patients in Epilepsy	286
6.5. Neurosis and reactive disorders	292
6.6. Vegetative dystonia syndrome	307
6.7. Vegetative crisis	315
6.8. Psychogenetic pains of the face	318

6.9. Restless legs syndrome319
6.10. Sleep Disorders324
6.11. Stupor331

Chapter 7. Depression and affective disorders

7.1. General information334
7.2. Etiology and pathogenesis335
7.3. International classification337
7.4. Clinical types and forms of making diagnosis337
7.5. Prophylaxis and treatment methods343

Chapter 8. Suicide reasons and prevention

8.1. General information355
8.2. Prevention of the Suicide362

**Chapter 9. Psychology of patients
in surgical practice**

9.1. Psychological relations between the surgeon and patient366
9.2. Preparation of the patient to the operation372

**Chapter 10. Psychology of patients
in obstetrics and gynecology**

10.1. Postnatal psychological changes377
10.2. Psychoemotional disorders after gynecological operations378
10.3. Psychoemotional disorders after abortion379
10.4. Women's psychology in menstrual disorders380
10.5. Climacteric syndrome381

**Chapter 11. Psychology of the patients
in oncological diseases**

11.1. General information389
11.2. Psychoemotional disorders in oncological diseases392
